

## ENGINEERED TO MAKE YOUR EXPERIENCE MORE ENJOYABLE.

## No hoses or pumps

Lewmar shallow water anchors do not require hydraulic pumps or hoses, making them low-maintenance and easily installed.

## High quality

Made with a powder coated aluminum finish, the shallow water anchor by Lewmar is designed to take on the elements.

## Easy installation &amp; deployment

The anchors are a snap to install, simply attach to the transom with the standard bracket, or select from a variety of optional mounting brackets.

## Vector™ Manual shallow water anchor features:

- Effortless pull-rope mechanism means low maintenance, error-proof operation
- Secured by a gas spring, the penetrating fiberglass spike ensures steadfast stability through wake turbulence
- Easily install without the need for electric wiring; its compatibility with aftermarket mounts and universal hole patterns ensure a hassle-free setup.

## AXIS™ Electric shallow water anchor features

- 12V Electric linear actuator means no hydraulic pumps or hoses, making it lightweight and easily installed.
- Remote controlled deployment is fast and convenient; program two anchors on one remote.
- IP68M harsh environment actuator ensures optimal performance under any conditions

Part #	Color	Length	Deployment	Stored Height	Weight
<b>AXIS Electric</b>					
2022108804	White	8'	12 V Electric articulating arm	53"	26 lbs.
2022108805	Black	8'	12 V Electric articulating arm	53"	26 lbs.
2024041731	White	10'	12 V Electric articulating arm	71"	30 lbs.
2024041730	Black	10'	12 V Electric articulating arm	71"	30 lbs.
<b>Vector Manual</b>					
2024008752	White	8'	Manual release and retrieval	53"	18 lbs.
2024008743	Black	8'	Manual release and retrieval	53"	18 lbs.

## Optional Mounting Brackets

Type	White Part #	Black Part #
Quick Release	2024028468	2023043513
Pontoon Mount	2024028466	2024028463
Jack Plate Mount	2024028465	2024028460
Motor Mount	2024028467	2024028464

Optional brackets available for outboard, jack plate, or pontoon mounting. Brackets fit both Vector Manual and Axis Electric shallow water anchors.
